We look forward with the greatest pleasure to your being with us at the twelfth annual Louada October Sale. We are proud of the fact that this annual event has become a gathering place for breeders from all over the world. The programme of selective breeding we have been conducting is, we believe, showing the results that we hoped we could achieve. This means that our offering this year is of higher quality than any of our previous presentations.

The offspring of Denend Constellation and Louada Royal Leader are up to and beyond our greatest expectations and we are confident that these sires will carry on and improve the traditions of their predecessors. Because they are breeding so well, we can offer females which include daughters of Louada Rothes King that otherwise would never have been sold. Their influence will also be seen in the quality of the bulls.

Everything is at its best at Louada at sale time—fine weather, congenial people with a common interest and good Shorthorn cattle. Do come and visit with us, you are most welcome.

A handwritten signature in dark ink, appearing to read "P. R. ... 1954". The signature is stylized and cursive, with a long horizontal line extending from the end.

Each of these cows and calves sells in the Louada sale October 24. The calves are by Louada Rothes King, Louada Royal Leader and Denend Constellation.

GENERAL SALE INFORMATION

TIME AND PLACE . . . Monday, October 24, 1966, at Louada Manor Farms, 20 miles north of Peterboro, Ont., approximately 100 miles from Toronto, Ont.

TRANSPORTATION . . . From Toronto the Canadian Pacific runs frequent trains. Toronto is reached easily by any means of transportation. If you wish to be met in Toronto, we will be happy to do so, but please let us know sufficiently in advance. See page 80 for more detailed information.

HOTEL ACCOMMODATIONS . . . Sale headquarters will be the Rock Haven Motel, in Peterboro. You may write them directly telling them you are attending this sale, or write to Wilbur Donaldson, Louada Manor Farms, R 1, Peterboro, Ont., who will be glad to make reservations for you. Other good motels are the Tops, the Holiday Inn, the Golden Nugget and the Kawartha. All are excellent and all are located on Highway 28 south of Peterboro. We also recommend The Empress Hotel, Peterboro. Transportation from all these will be provided to and from the farm.

AUCTIONEERS . . . Jock Blacklock, Saskatoon, Sask.; Don Smock, Whiteland, Indiana.

GUARANTEE . . . All cattle will be sold under the Standard Guarantee endorsed by the American Shorthorn Ass'n.

HEALTH . . . All cattle will be sold under the laws of Ontario and will comply for entrance to the United States. Official calfhood vaccination for females is practiced and the herd is Accredited for T.B. and is in a Certified Brucellosis free area.

TERMS . . . The terms of this sale are cash. Checks should be handed to the clerk immediately following the auction. Please be sure to have the clerk record your shipping instructions. All announcements at sale time, written or oral, supercede any written material in this catalog.

LIABILITY . . . Louada Manor Farms, its owners or employees accept no liability for accidents that may occur. Accidents at cattle sales are very rare, but all attending must do so at their own risk. The sale manager, auctioneers, and clerks were employed by the owners for specific tasks, promotional and clerical, and have no connection with the handling of the cattle, the condition of the premises, fulfillment of guarantees, or health papers. The sale of each animal constitutes a contract between the buyer and seller of each lot, but the sale manager cannot be responsible for the fulfillment of that contract.

LUNCH . . . A ladies church organization will have lunch available sale day.

FOR FURTHER INFORMATION ON SALE CATTLE . . . The farm manager or sale manager will give you his critical appraisal of any of the cattle listed in the auction.

MAIL BIDS . . . We hope it will be possible for you to attend this sale. If it is not, there are many competent representatives to whom bids may be sent, all of whom will be attending the sale:

E. H. Stoltz, Canadian Shorthorn Ass'n, Gummer Bldg., Guelph, Ont.
C. D. Swaffar, American Shorthorn Ass'n, 8288 Hascall Street, Omaha, Nebraska.

Harris Simons, The Shorthorn World, 16 So. Locust St., Aurora, Ill.
Warren Morse, The Drovers Journals, 1505 Genesee St., Kansas City, Mo.
C. K. Tomson, Harding & Harding, Geneva, Illinois.

Ed Huff, Livestock Breeder Journal, Culpeper, Va.

Al Hamann, Rock Rapids, Iowa.

W. L. Elliott, Secretary, Ontario Shorthorn Club, R 4, Guelph, Ont.

Dwayne Dietz, The Shorthorn World, 16 So. Locust St., Aurora, Illinois.

or to any of the auctioneers listed, the owners or employees of Louada. All these representatives may be reached at the farm phone listed above within 24 hours of the sale.

INSURANCE . . . Will be available at the sale.

DELIVERY . . . Louada Manor Farms will hold any purchases in this sale without charge and make free delivery to Chicago, Buffalo, Port Huron, or Toronto at its convenience before December 1. From those points buyers can usually arrange further group transportation to get their cattle home at minimum cost.

Louada Manor Farms reserve the right to select from the sale offering members for its show string without any further announcement and to keep them until after the International.

PREMIUM ON U.S. DOLLARS . . . The U.S. dollar in Canada is at a premium of about 7% in Canada. This exchange differential more often than not pays the buyer's cost of getting animals home.

At right below are Mr. and Mrs. Lou Cadesky welcoming their guests to a beautiful buffet dinner at the Lodge the night before the Louada sale. Right above are Leonard Buck (left) of Allwood Plantation, Thomasville, Ga., and Wib Donaldson of Louada.

Be Sure to Arrive by Sunday

Sunday — the day before the Louada sale — is reserved for the kind of relaxation you enjoy most. Roam the lush pastures at Louada . . . see the world famous brood cows and stock bulls . . . enjoy the companionship of fellow Shorthorn breeders from all walks of

life . . . from all over the world.

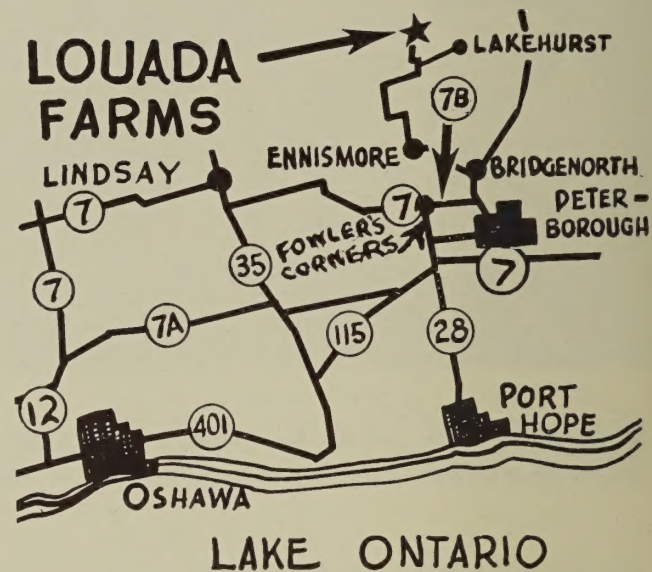

There is much to see at Louada. We urge you not to leave it all to a few hours the morning of the sale. Come early for a leisurely and complete tour. Then, be our guests at the lodge for buffet dinner.

Expressway 401 across Ontario is completed. This means you can drive across Ontario with ease and make good time. Coming from Detroit, go over the bridge (not through the tunnel). West and south of Detroit are fine expressway roads connecting with the Michigan, Ohio, Indiana, and Illinois turnpike systems. From Ohio and farther east study the turnpike systems which lead through the Buffalo and Niagara Falls area. Many of our friends in the Midwest will be able to get on expressways in Illinois and Ohio, for example, and stay on them until they turn north off 401 to Peterborough.

PETERBOROUGH AREA

From junction of 7 and 28 continue north on 7 to Fowler's Corners. Do not take 28 as it goes into Peterborough. From Fowler's Corners go east on 7B about three or four miles to road leading north to Bridgenorth. Then cross Chemong Lake at Bridgenorth, follow farm signs through Ennismore and on to Louada Manor Farms.

These maps are crudely drawn and are not meant to replace road maps. We feel they will be helpful, however.

From left are Louada Brave Command by Louada Rothes King, Lot 5; Louada Proud Prince by Denend Constellation, not selling; Louada Royal Banner by Louada Royal Leader, retained; and Louada Goldfinder by Louada Rothes King, Lot 13.

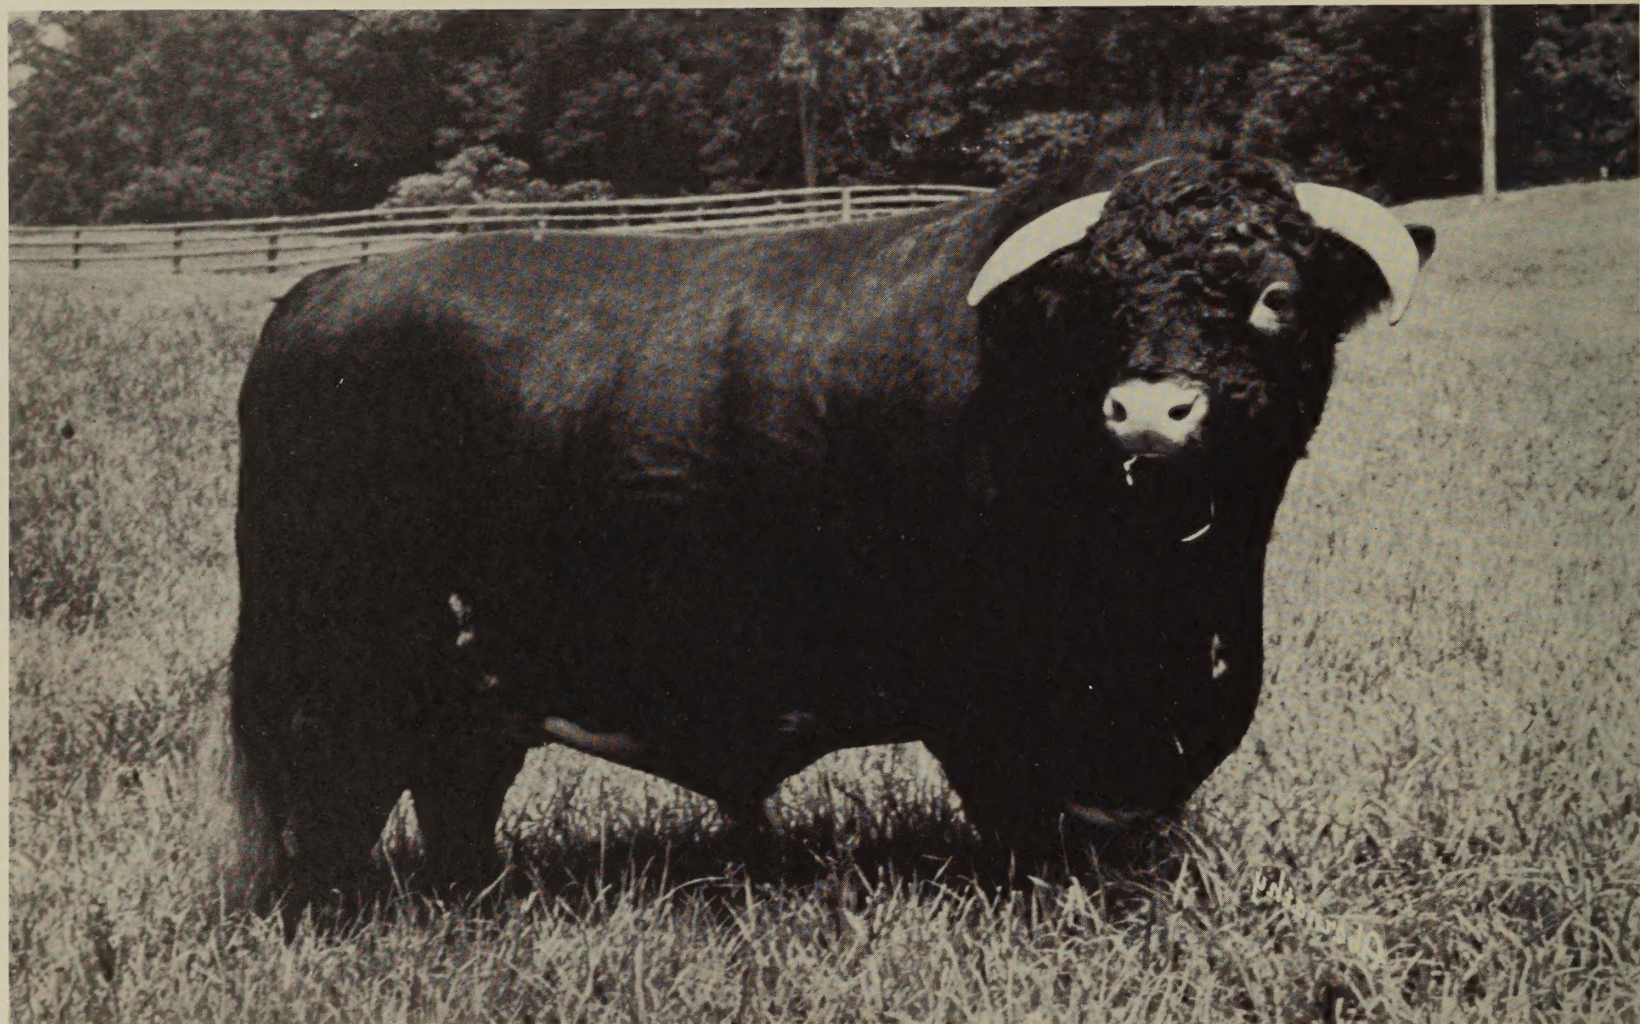

Louada has bred more stock bulls in service in other leading herds than any Shorthorn herd in the world today. That's why, year after year, the continent's most particular cattlemen come to Louada. They are men who will go out-of-the-way for an out-of-the-ordinary bull. To get a big job done, they look to Louada for the bull to make that job easier.

At Louada the emphasis has always been on stock bulls of great size and character backed by a careful blend of the breed's most prepotent blood — not just for one or

two generations, but for many — to insure their ability to breed on. This pedigree depth gives added assurance for every bull you buy.

The Louada stock bulls are world famous and this is a vintage year. The same can be said for the females. Without a doubt they are among the very best ever offered anywhere. I can offer no higher recommendation. No matter where you may live . . . no matter how busy you may be . . . the October 24 Louada sale is an absolute must.

LOUADA ROTHES KING—There can be no doubt that Louada Rothes King is one of the truly great stock bulls of the age. His overall conformation has won the praise of cattlemen everywhere. His sons have averaged more than \$4,000. His daughters assure the excellence of the Louada herd for years to come. His breeding record is well-known but here are a few highlights: A son was the \$17,200 top of the 1965 sale; his get and junior get were All-Americans; he sired most of the best ten head at the 1965 International Livestock Exposition and ten sons made up the 1963 best ten head there. King is by the \$30,000 Louada Bonaparte that was out of the immortal Blood Royal 33rd by Calrossie Highland Leader. On the dam's side come crosses of two more of the breed's most prepotent families — The Kirkton Queens of Rothes and the Tolquhon (Cruggleton) Princess Royals — lines that breed successful stock bulls and have for generations.

LOUADA ROYAL LEADER—Louada feels fortunate to have produced this outcross bull that is line-bred to the immortal Blood Royal 33rd, one of the great cows of the breed. She produced her 14th calf for Louada at 17 years of age. She is also the dam of the \$30,000 Louada Bonaparte; of Louada Blockbuster, stock bull for N. D. Hogg, Uxbridge, Ont.; of Louada Bondholder, stock bull for Byron Reser, Walla Walla, Wash., and Francis Barry, Aledo, Ill., and of Louada Argosy, sold to Joe Christen, Aurora, Colo. Louada Royal Leader is backed by the most prepotent blood of the breed including Lawton President Roosevelt, Calrossie Highland Leader, Kirkton Baronet and Lawton Field Marshall. Never has the service of a young bull been used from its inception with such a high degree of confidence.

DENEND CONSTELLATION

No bull living today combines a stronger concentration of three of Scotland's most historic sires — Cruggleton Perfect, Cruggleton Willingdon and Calrossie Control. Further, Constellation is by the immortal Bapton Constructor and could well be his best breeding son. From the dam's side comes outcross blood from William Garne's highly regarded Aldsworth Pure Gold family. The dam was purchased in the Portyerrock dispersion. Two of the first sons of this All-American stock bull are sale features.

An unretouched photograph of Denend Constellation taken on pasture this summer.

This unretouched photo shows Denend Constellation shortly after his third birthday this winter.

MSU WONDER 5th

Louada is always on the lookout for a bull of exceptional merit whose bloodlines can be infused into the Louada program. Such a bull is MSU Wonder 5th. His calves, both in Kansas and at Louada, prove him to be an exceptional breeding bull. He is the sire of the highly acclaimed Wonder K 9th, grand champion of the 1965 National Western and top bull of that sale at \$5,000. Louada acquired an interest in MSU Wonder 5th about two years ago. Since then he has been used on a number of selected cows. His first calf to sell was Louada Rothes Scout, that went at \$3,000 to Dave Garriott, Scottsburg, Ind., and Maurice Leap & Family, Flat Rock, Ind. Two sons sell this year.

Wonder K 9th, bred and exhibited by Kansas State University, grand champion bull, 1965 National Western, Denver; reserve grand champion bull, 1964 National Western. He sold for a (then) Denver sale record price of \$5,000 to Elsinore Cattle Co., Almont, Colo. Wonder K 9th is a son of M S U Wonder 5th, being used by Louada.

There's a PARTICULAR Kind of BULL . . .

There's a particular kind of bull for a particular kind of cattleman. A good bull, of course! But he must be good where it counts. First, he must be big, like Denend Constellation pictured on page 13. In working condition today on hard, dry summer grass Constellation weighs 1,900 pounds.

He must be a strong bull . . . great-headed of course. And, equally important, he must have the depth of chest floor that indicates stamina and the ability to survive and work on the range. To travel those ranges, there must be plenty of bone and

BAPTON CONSTRUCTOR

good sound feet and legs . . . the kind that are bred in for generation after generation.

As a calf, or as a mature bull, there must be quality backed with a pedigree that gives assurance that this will be a breeding bull . . . a bull that will really improve. How do you achieve such great prepotence? First, you must go to a line that has been proved undeniably as producers of stock bulls — not with just one here and there, but with many in each calf crop that went on to do a job as good or better than their sires. And, remember, every stock bull worthy of the name must somewhere sire a few sons better than himself or there would be no improvement in cattle.

Such a bull was Bapton Constructor. Great in his own right, he was even greater for having sired sons better than himself. Naturally, when you find such a sire, you do not throw the blood away in the next generation, but rather re-introduce it in a careful program of line breeding.

Take Louada Royal Leader, for example. Because he carries the Louada prefix, many consider him another Constructor bull. However, he is by

... For a PARTICULAR Kind of CATTLEMAN

Louada Rothés King (by Louada Bonaparte by Bapton Constructor). In other words, there is just one cross of Constructor and that is in the third generation and accounts for only 12½ per cent of his blood. Certainly, no thinking breeder would stray further from such a strong bull line. But what about the other 87½ per cent?

Here is the place to introduce the outcross. Again, Royal Leader is a good example. His dam is the immortal Blood Royal 33rd, the best producing cow at Louada. Leader's granddam is the beautiful Saltoun Rothés Queen 27th that brings us the blood of the world's foremost stock bull-producing family. Leader is also backed with A. J. Marshall Princess Royals and bulls like Calrossie Highland Leader by Kirkton Baronet.

The sire of Royal Leader, of course, is the famed Louada Rothés King, senior stock bull at Louada. His development, too, shows the careful Louada breeding program at work. A son of the \$30,000 Louada Bonaparte, King thus is a grandson of Bapton Constructor. In the other three lines of the pedigree, however, he is backed with invigorating new outcross blood from lines that have bred

From left are Louada Waverley by Louada Hercules, Lot 7; Louada Encounter by Denend Constellation, Lot 10, and Louada Provost by Louada Royal Leader, Lot 4. They are by three Louada stock bulls, yet note the rare uniformity that is the mark of a truly successful breeding program.

successfully for generations, and that are adding new vitality to the powerful Louada program.

This, then, is a breeding program. Tied to a great stock bull and outcrossed to females that have produced great stock bulls. At Louada, the program is working well. The calves above are a good example, but come see the results for yourself.

LOUADA GOLDFINDER—A son of Louada Rothes King and from the Drynie Augusta family. His dam is out of Louada Augusta Queen that sold in the 1959 sale to K.C. Short-horn Farms for \$5,700. Louada Augusta Queen 2nd is full sister to Louada Augusta Laura, and is the dam of Louada Achievement, the 1963 reserve champion at Royal Winter Fair and reserve senior champion at the International the same year. Louada Augusta Queen is also the dam of Louada Air Raid, the top of the 1964 sale at \$8,000. Both Achievement and Air Raid were purchased by Max Cardey and Sons for use in their Lucky Clover herd, Atwater, Calif.

The \$3,400 Ashbourne Actress 2nd by Ashbourne Bank Balance is the granddam of Fralawn Bondholder, Lot 14. She comes from the valued Bapton Actress family that also produced the \$20,000 Ashbourne Scepter and Perth champion Bapton Daily Express.

THE ALLWOOD ENTRIES . . .

Once again Louada is pleased to have as a consignor Leonard J. Buck of Allwood Plantation, Thomasville, Ga. This is one of the most select and top-quality herds in North America. The young bull and three females in their consignment give firm proof of the calibre of the Allwood productions.

Allwood and Louada jointly own the two great stock bulls — Louada Rothes King and Denend Constellation. At Allwood these two bulls follow the 1959 International reserve grand champion Louada Cornerstone, two of whose daughters sell. The other female in their consignment is Allwood Rothes Margaret, one of the few daughters ever to sell anywhere by the \$30,000 Louada Bonaparte. We recommend her with particular pride since she is a half sister to our own Louada Rothes King and their dams both come from the Saltoun Queen of Rothes family.

At right are Louada Blood Royal 35th and her calf, Allwood Rustic King, Lot 2. He is a full brother to the \$7,200 Allwood Regol King. The cow was purchased at the top of the 1961 spring Louada sale at \$5,300 for the Allwood herd.

From left are Denend Waterloo Catrona by Bapton Roan Robin and out of the \$3,800 Naemoor Waterloo Catrona, Lot 46, and Allwood Rothes Margaret by the \$30,000 Louada Bonaparte that also sired Louada Rothes King. She is Lot 36.

ALLWOOD ROTHES MARGARET—A daughter of Louada Bonaparte that sold in the 1959 sale to Sr. Carlos Duggan of Argentina at \$30,000. Louada Bonaparte is the sire of our great Louada Rothes King. Allwood Rothes Margaret is out of the same cow as Louada Ranger, reserve junior champion at the 1957 International and sold to Robert Booth of New Zealand. Greenwood Rothes Queen 2nd is also the dam of Louada Royalist that has done such a good job in the herd of Max Cardey and Sons in California where he is still sound at nine years of age and doing heavy herd duty. Due to calve about sale time to Denend Constellation.

TRAIN AND PLANE INFORMATION

By air . . . Chicago to Toronto

Air Canada has about eight flights a day — each way — between Chicago and Toronto, leaving from O'Hare Airport. A two-hour flight.

By air . . . from other points

In the eastern part of the country, there are direct flights to Toronto from New York and Cleveland. Excellent service also from the Canadian West and East.

By rail . . .

You can take a sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 8 p.m. and arrive in Toronto early in the morning. The train from Toronto to Chicago leaves about 10 p.m. Since schedules are subject to change, please check exact departure times.

By automobile . . .

The present super-highway system makes the drive a good deal easier than ever before. We would like to point out, however, that the cost of a round trip airline ticket from Chicago-Toronto is only about \$55. Rail is about the same. Traveling alone, it is difficult to beat this by car.

By rail . . . Toronto-Peterborough

There is good service but there are changes in schedules and we shall not attempt to give you times here. If you have traveled to Toronto by train and find that you can make a good connection on to Peterborough, it will probably be best for you to do so because it is a fast train. However, if you are to encounter a long delay, we would prefer that you call the farm (Buckhorn, Ont. A.C. (705) 657-8792, and we will arrange to pick you up with others coming from the airport. Coming back from Peterborough to Toronto there are generally trains at times that will enable

you to make your connections, but in the event you cannot find a convenient connection, we will see to it you have transportation to Toronto.

Meeting you in Toronto

We will be happy to meet your plane. It is about a two-hour drive to the farm. Try to arrive early enough so you won't miss the gathering at the farm Sunday afternoon and evening. **Please advise us in advance of your arrival time. Then you should report to the flight information desk of Air-Canada.** A representative of Louada will be nearby. If you miss connections, call the farm at Buckhorn, Ont., A.C. (705) 657-8792.

If you are coming by train, you may find it just as convenient to continue by train from Toronto to Peterborough. However, if this doesn't work out, call the farm and we will include you in the cars coming from the airport. Cars will also be going back to the airport after the sale.

Cars from Peterborough

If you are without transportation upon arriving in Peterborough, contact the farm. On sale day cars will leave from the motel area at approximately 8:30 a.m. and 9:00 a.m.

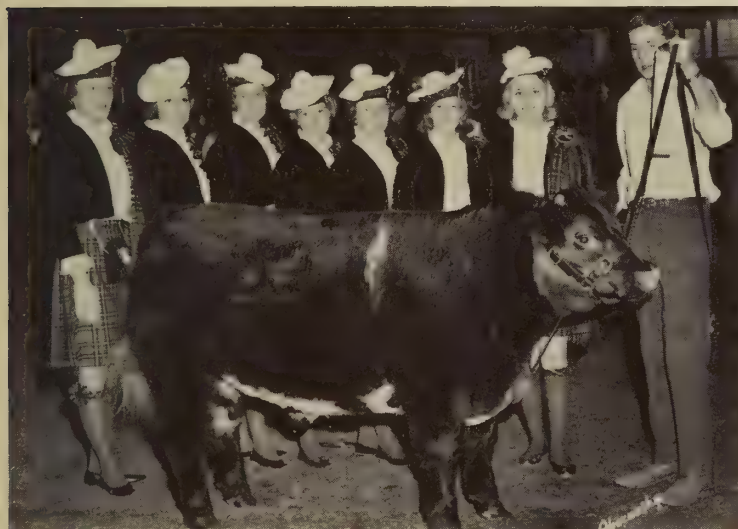

All train and plane information given here is approximate. Be sure to check with your ticket agent for exact times. Because schedules change, we cannot quote exact times.

We urge you NOT to make your connections so closely that you arrive in Toronto Monday morning.

Meeting The Requirements Of Today's Beef Industry

These Denver interbreed reserve champion steers shown by Josef Winkler, Castle Rock, Colo., were descendants of Louada-bred bulls.

Jim Barry, Aledo, Ill., exhibited this son of Louada Aristocrat to the reserve championship of the International open class Shorthorn steer show in 1965.

Always attuned to the requirements of the volatile beef industry, Louada's breeding program is geared to the production of stock bulls that will sire the cattle most in demand today. Thus, Louada bulls are big and strong with the ability to forage and survive under the hardest range conditions. And, they sire those profitable, rapid-gaining steers that modern beef cattle economics demand.

This grandson of Louada Aristocrat was International reserve champion steer over all breeds in 1965 . . . an example of the Louada prepotence that spans more than one generation.
